The roads have not yet been opened to Webber and Independence Lakes, and the date of the opening of these popular summer resorts has not yet been decided. It is thought, however, that the Independence Lake Hotel will be ready for guests about the 15th of June.

THE CADETSHIP.

Mr. Cassidy Gives the Appointment to Gen. Connor's Son

Congressman Cassidy informs the Sentinel that he has given the appointment of the vacant cadetship from Nevada to Edward P. Connor, Jr., the second son and namesake of the General. The young gentleman is now at Berkeley, California, pursuing a special course of study under a private tutor with reference to the examination he will have to stand for admission into the Academy.

BED-RIDDEN AND CURED.

W. E. HERTZ, of Emporia, Kansas, says that his wife had been sick nearly seven years, and for the last four months bed-ridden. She has been treated by a number of physicians and only grew worse. Her attention was called to Dr. Pierce's "Golden Medical Discovery" and "Favorite Prescription," which she commenced using. In one week she could sit up, and in three weeks could walk about. By druggists.

Reduced Rates.

Arrangements for conveying representatives to the Masonic Grand Lodge meeting, at Virginia, and return, have been made with the Central Pacific and Virginia & Truckee roads; the former granting two-thirds fare on round-trip excursion tickets—good for thirty days from issuance; the latter requiring full fare going and giving free pass to return.

THE COUNTY HOSPITAL.

A Pleasant Visit to the Poor Farm and Hospital.

A JOURNAL reporter yesterday paid a visit to the Poor Farm and Hospital, and the taxpayers will be glad to learn that that portion of the county's business is attended to in a most excellent manner, by Mrs. O. Madden and Dr. Waggoner. Mrs. Madden is a first-class housekeeper, and every part and parcel of the place is as neat as it can possibly be. There are but four patients, all of them helpless old men, whose condition appeals to the sensibilities of the most sympathetic, and they are made as happy as persons in their position can be. They have the best of food, and there is not a private family in Reno that is blessed with purer milk, more delicious butter, whiter bread, juicier roasts, fresher eggs or plumper chickens, as well as every known vegetable, than these same paupers. Dr. Waggoner visits them daily, and gives them as careful medical treatment as though they were millionaires. Mr. Madden attends to the farm and is doing good work. If the Massachusetts folks could see this institution they would raise the Tewksbury almshouse to the ground.

A Crucial Test.

The severe chemical tests to which the various baking powders have from time to time been placed have demonstrated clearly to the public the relative merits of the different brands from an analytical point of view. For instance, Dr. Love, the eminent Government Chemist, in his analyses made the comparative strength as follows:

Cubic inches Gas Evolved.	
"Royal" (absolutely pure).....	127.04
"Charm," (alum powder).....	116.9
"Dr. Price's".....	102.08
"Snow Flake" (Goff's).....	101.88
"O. E. Andrews & Co.'s (alum powder).....	78.17

The Royal baking powder was found, besides being of absolute purity, to evolve the highest amount of leavening gas of any of the powders tested, and hence it was placed at the head of the list, and recommended for Government use.

But the crucial test of the kitchen is, after all, the most satisfactory to the housekeeper. A baking powder that never fails to make light, sweet, wholesome and palatable bread, biscuit, cake, etc., upon all occasions, is the one that will be placed at the head of the list by the practical housewife, and received into her kitchen for continuous use. This test the Royal baking powder has stood for over twenty years, without a single failure, and hence its reputation as the best baking powder made has spread from house to house, until its use has become as universal as its merits are unrivaled.

Can Anyone Tell?

The Virginia Footlight of last evening says: There was something blown in here to-day from Reno but no one was able to find out what it was. Sherry and Baldy Golding got on to it as soon as it landed, and hunted up the Footlight reporter so that he might "catch on" but he didn't. From the description given by the Surveyor General, the specimen had a large cane, eye-glasses, a lardy-da hat and all the necessary make-up of a first-class "dude." It evidently intended to get here in season for the grand hop but must have been delayed on the road. The question is, "What is it?"

The Raging Truckee.

The Truckee Republican says: At Truckee the Truckee river increases in volume every day during the afternoon, and then recedes somewhat during the night. This is caused by the melting snow. During the evening the temperature moderates twenty or thirty degrees, and perceptibly checks the descent of the flood of waters. The gate of the Donner Boom Company's dam, near Tahoe City, has been raised daily for the past two weeks, to enable the Truckee Lumber Company to make their log drive, and at such times it looks as though the river would be navigable for small steamboats.

San Francisco Meat Market.

Military Post to be Abandoned.

Captain Carr's Cavalry Company, which has been stationed at Camp Halleck for several years, is ordered to leave for Walla Walla, W. T. They will leave the railroad at Winnemucca and take the stage road north. Camp Halleck is to be abandoned. The troops will leave there in two or three weeks.

Collided with a Cow.

The east bound express train struck a cow near Elko Monday evening, and the front wheels of the locomotive were thrown off the rails and a cylinder head damaged. The cow was quartered and beheaded.

THE INDIAN SCARE.

What it Arose From and the Probabilities of an Outbreak.

The Lakeview Examiner, of the 19th, publishes the subjoined account of the Indian scare up north, reported in the JOURNAL several days ago:

The Reno JOURNAL in its last issue contains an item in regard to Indian affairs at Warner valley which gives the impression that an outbreak is imminent in that section. From Mr. Jones, who recently removed his family to this place from Warner, we learn that the Indians have for some time been restive and that frequent communication has been kept up between Harney and Yakima Indians and the Piutes. The families of Mr. Jones and Mr. Roberts were alarmed at the aspect of things and it was thought best to remove them to a place of safety. Mr. Jones says, however, that he does not anticipate any trouble with the Indians, but removed his family as a measure of precaution. He will return to his ranch in a few days. The grievance which the Indians have, as learned from one of their squaws, lies in the removal, at the time of the Bannock outbreak, of several Piutes to the Yakima reservation. Some time since Lee Winemucca, now chief of the Piute tribe, went to Washington to try to get an order for the restoration of these Indians to their people, but was told by the officials there that it would not be done, and that the government was contemplating the removal of the entire tribe of Piutes from the Pyramid reservation to the Yakima reservation. Since his return Lee Winemucca has been exercising himself considerably over this matter, and the sentiment of his people, as stated by the squaw, is war in preference to removal. We are not advised as to whether the government contemplates the removal of the Piutes, but it is evident that the Indians think such a course is proposed, and it is equally certain that such removal cannot be made without resistance on the part of the Indians, and which may involve the whole of eastern Oregon should the Indians on the east boundary under Chief Moses, who have been reported as ready to break out, seize the occasion. But we think the probability of the government removing the Piutes to Yakima are very remote and that it is more than likely that the present feeling of uneasiness on the part of the settlers is without good cause.

LATER—Since the above was in type we learn that a number of Indians came over to Warner valley, and going to the pickup of Poker Jim, whose squaw gave the information regarding the movements of the Indians, burned it up and treated the occupants so roughly that they left for Bidwell. This has a decidedly suspicious look, and does not tend to allay the apprehensions of the settlers.

Kept His Wealth a Secret

The San Francisco Bulletin, of Wednesday, has the subjoined:

Henry Thoman, a Swiss, who came to this State in early days, and who for fifteen years has lived at the Swiss Hotel, on Commercial street, died about ten days ago. When his rooms were searched \$5,000 in money and \$77,000 in bonds, notes, etc., were found. Thoman had been known as a very penurious man, and kept his wealth a secret from his most intimate friends. He left a will, of which Mr. Burton, the Swiss Consul, is one of the executors. The property has been bequeathed to Thoman's poor relatives.

The Crown Prince of Germany is an earnest Freemason, and recently delivered an address before the York Royal Lodge, in Berlin, which caused a great sensation and drew forth much comment. The burden of his remarks was that Freemasons should be more progressive, and that instead of clinging to old traditions whose only importance is their antiquity, they should distinguish themselves by being in the foremost rank of seekers after new and living truths.

TO THE CITIZENS OF RENO.

I HAVE BEEN A RESIDENT OF YOUR town for three years, and outside of my own business have not seen a decent pair of boots that were made here. In order, therefore, to extend to everyone facilities for obtaining real first-class boots and shoes, I have sent to San Francisco for two A. No. 1 mechanics, the best to be found in the country, and shall run (as heretofore) a prime first-class shop. This enlargement of my stock and facilities will entail heavy extra expense, and I look and trust, therefore, to Reno's citizens, and all the people generally desirous of obtaining the very best of workmanship, to aid me with their increased patronage. First-class material, first-class workmen and first-class work, at living rates, is the motto of my coat of arms inscribed on the banner floating from my castle walls. Respectfully,
my13 H. F. PAVOLA.
